一站式专业解决方案，从产品构思、模具设计制造、
优化生产至交运，我们均能为客户提供具有高附加值的优质产品及服务。

One stop professional solution, from product conception, mold design and manufacturing
We can provide customers with high-quality products and services with high added value, from optimizing production to delivery.

关于圣博 About SEIPO

诚信
faith

宁波圣博机械有限公司创建于2024年，座落于中国模具之乡宁波北仑，临近宁波北仑港。公司通过全面一站式专业解决方案，从产品构思、模具设计制造、优化生产至交运，我们均能为客户提供具有高附加值的优质产品及服务，以达到顾客全面满意为最终目标。

公司拥有5台280T到2500T台国内先进的铝压铸机，16台进口的精密CNC加工中心及14台高精度数控车床，同时拥有三坐标、投影仪、光谱仪等检测设备。能制造各类精密复杂模具，可替客户产品设计开发、模具制造及零件生产、表面处理等服务项目。并实行铝压铸模具和铝压铸产品一体化生产。特别是汽车配件、灯具配件、医疗器具、家用电器产品出口美国、德国、加拿大等国家，制造水平属行业优势地位，接近国际先进水平。

科技
technology

Ningbo Seipo Machinery Co., Ltd. was established in 2024 and is located in Beilun, Ningbo, known as the "Mold Capital of China", close to the Beilun Port of Ningbo. Through a comprehensive one-stop professional solution, from product conception, mold design and manufacturing, optimized production to delivery, we can provide customers with high-value-added quality products and services, with the ultimate goal of achieving full customer satisfaction.

The company is equipped with 5 advanced domestic aluminum die-casting machines ranging from 280T to 2500T, 16 imported precision CNC machining centers, and 14 high-precision CNC lathes. It also has a variety of inspection equipment such as three-coordinate measuring machines, projectors, and spectrometers. We are capable of manufacturing all kinds of complex and precise molds and can offer services including product design and development, mold manufacturing, parts production, and surface treatment for customers. We implement an integrated production of aluminum die-casting molds and aluminum die-casting products. Particularly, our products such as auto parts, lighting accessories, medical devices, and household appliances are exported to the United States, Germany, Canada, and other countries. Our manufacturing level holds an advantageous position in the industry and is close to international advanced standards.

一、企业简介

Company Profile

关于圣博 About SEIPO

企业前身

宁波赛格机械有限公司
成立于2010年
Ningbo Saige Machinery Co., Ltd. was
established in 2010.

6700m²

公司目前拥有6700平方厂区
The company currently operates a 6,700-
square-meter factory facility

企业荣誉

通过IATF16949：2016质量体系认证
The company has achieved IATF
16949:2016 certification, the global
quality management standard for the
automotive industry.

丰富的生产经验

企业拥有20多年的压铸模设计及制造
经验
The company possesses over 20 years of
experience in die-casting mold design and
manufacturing, demonstrating deep
expertise in precision engineering for high-
volume production.

模具设计

Mould design

模具设计是制造业的核心环节，直接影响产品质量、生产效率和成本。因此，我们在设计上需平衡“功能实现”“加工可行性”“经济性”三大核心。

Mold design is a critical process in manufacturing, directly impacting product quality, production efficiency, and cost. Therefore, the design must balance three key aspects: functional performance, manufacturability, and cost-effectiveness.
